

JORDAN HARBINGER

SHORT BIO

Jordan Harbinger is an American lawyer turned social dynamics expert and entrepreneur.

For 11 years, he hosted *The Art of Charm Podcast* -- regularly in the iTunes top 50 and downloaded over four million times a month. Now Jordan interviews the world's top performers -- from legendary musicians to intelligence operatives, iconoclastic writers to visionary change-makers at *The Jordan Harbinger Show*, consistently holding in the iTunes top 100 after just a few weeks.

"A core principle of my own life is that one should leave everything and everyone better than they were before we met. By bringing positivity and abundance to others, you can't go wrong."

Jordan has always had an affinity for social influence, interpersonal dynamics, and social engineering, helping private companies test the security of their communications systems and working with law enforcement agencies before he was even old enough to drive.

A former Wall Street attorney, Jordan speaks five languages and spent several years abroad in Europe and the developing world, including South America, Eastern Europe, and the Middle East. He has also worked for various governments and NGOs overseas, traveled through war zones, and been kidnapped -- twice. He'll tell you the only reason he's still alive and kicking is because of his ability to talk his way into (and out of) just about any type of situation.

"There are speakers, and then there is Jordan Harbinger. He is funny, sincere, fascinating, and, most importantly, impactful. Feedback was off the charts. He challenged the audience and they were engaged every step of the way. We hope his schedule will allow him to speak at all of our future events."

SPEAKING TOPICS

Entrepreneurship: How did a former lawyer build a multi-million dollar company teaching social skills? I'll show you how I created a business branding empire.

Networking: For more than a decade, I've built a wide and highly effective network. Now, it runs itself and incoming opportunities are virtually automated.

Social Engineering: What would it take for a defense contractor to reveal classified information to a total stranger? I show you how in under 10 hours over a few weeks.

Monetizing Podcasts: For 11 years, I ran *The Art of Charm Podcast*, one of the most popular and profitable shows found regularly in iTunes top 50, generating multi-seven-figure revenue. Now I host *The Jordan Harbinger Show*, which hit iTunes top 100 after just a couple of weeks; I can teach you how to grow and monetize your podcast, too.
